WISHET

FALL CONFERENCE

OCTOBER 6-7, 2005

KALAHARI RESORT

WISCONSIN DELLS

UNLOCKING THE DOOR
TO CONTINUOUS
LEARNING

SPEAKERS

Keynote Speaker
Kathy Germann

If you:

1. Are in a position of having to conduct a workshop but you've never had any training on adult education?
2. Have been doing the same old workshop for months and are looking for some ways to liven it up a bit?
3. Are tired of doing all of the talking in your workshops and want to find ways to get your audience more involved?

Then join Kathy for a one day workshop and you will:

1. Learn the basic elements of workshop design including:
 - Assessing learners needs
 - Developing learning objectives
 - Choosing appropriate teaching methods
 - Sequencing activities
2. Learn Methods for creating a safe learning environment
3. Become familiar with experimental learning theory
4. Discover the parallels between the stages of group development and the stages of a workshop
5. Receive written materials on training including checklists for organizing a workshop.
