

Name: Barbara Agen, R.N., M.S.N.

Title: MCHS Division of Education Administrator

Professional Responsibilities: As a dyad partner with Medical Director for the Division of Education, I manage and have oversight of educational programs, which align with MCHS' mission, vision and values. The Division of Education is responsible for planning and implementing educational programs and coordination for MCHS. Some programs include residency program, clinical education, advance practice clinician (APC) entry to practice program, provider and APC mentoring program, tuition reimbursement, student placement programs, CME accreditation and programming, and medical library services.

Professional Interest: I am passionate about education and the educational needs of healthcare providers. I believe through education, we will enhance the value of MCHS and the patients, providers and staff we serve.

My Accomplishments:

- Accountable leader and facilitator for the implementation of the development of a role specific and annual competency program, incorporating the Donna Wright Model of Competency for MCHS
- Accountable leader and facilitator for high impact workflow process change occurring because of the Implementation of new EHR for a health system
- Career path advancement within MCHS RN, Clinical Lead, Clinical Supervisor, Manager, Director, Administrator

Fun Information about me: Outside of work, I enjoy spending time with my family, taking walks, pontoon rides, and baking.
